1. Introduction

The Company extends inter corporate loan and finance to Individuals, HNIs, HUFs, Partnership Firms and Corporates, both secured and unsecured, to eligible borrowers, based on internal credit approvals.

The Credit facilities can be extended under Trade Advances, Loan against Shares or Securities and any other tangible assets or unsecured etc. This would be reviewed from time to time by Asset Liability Management Committee (ALCO).

There has been keen competition amongst many players in lending and borrowing market and products are evolved as per the customer requirements and benchmarked to offering by the competition.

The tenure and rate of interest vary with the customers concerned.

For customers whose requirements for funds are for short term and temporary, but frequent in nature demand loans are better option as it would meet their purpose. For the company as a lender it would help in meeting the customer requirements, help in deploying surplus funds for short term and also to plan its funds flow in a seamless way. Further in case of any sudden and upward movement in cost of funds, it would offer an exit option for both the borrower and lender.

In case of demand/call loans, RBI in its Master Direction - Non-Banking Financial Company – Non-Systemically Important Non-Deposit taking Company (Reserve Bank) Directions, 2016' dated 01st September' 2016 advised that the Board of Directors of every non-banking financial company granting/ intending to grant demand/ call loans shall frame a policy for the company and implement the same.

Keeping the benefits in view and in order to explore the business opportunities, a policy on extending credit facilities including demand/Call loans is also detailed in this policy:

2. Aims and Objective

The aim of this demand loan policy is to lay down in clear terms on loan tenure (if applicable), interest, margin, repayment, renewal, etc.

3. Criteria for credit facilities

Credit facilities including Demand/Call loans would be considered by the company both under Secured loan as well as unsecured loan segments.

Credit facilities including Demand/Call loans can be considered under business loans, trade advances, inventory funding, loans against shares & securities, Loan against Commodities, IPO Funding etc. This would be reviewed from time to time by Risk Management Committee.
